

A Step in the Right Direction:

Every successful journey begins with appropriate steps taken in a positive direction.

Our maiden community outreach last year helped set the pace as we pursued our mission on increasing awareness regarding the support of early child education.

Ane Osiobe International Foundation hosted a back to school event at the LEA primary school Lugbe on December 5, 2016.

The event was aimed at encouraging both students and staff to continue working hard in achieving the dreams they had set for themselves.

Apart from receiving primary supplies like books, pencils, and pens, the Ane Osiobe team did not fail to impress by leaving the students and staff with food, drinks and refreshments that were enjoyed by all.

As the team addressed the school, the students were informed on the process for applying for scholarship opportunities made available by the foundation.

From an Acorn to an Oak Tree Ps. 92:12

Our staff and volunteers also went one step further by helping the students set up email accounts for easy future communication with the school.
